The live presentation of the course indicated below has been approved for credit towards Nevada's 2004 mandatory continuing legal education requirement. Members of the State Bar of Nevada who attend the program are entitled to one (1.0) credit for each 60 minutes of course attendance. However, this does not include introductory remarks, keynote addresses, breaks, receptions, meal sessions (unless a CLE program is given in connection with meals), or business meetings, for which no credit is awarded. Credits are accumulated throughout the program then rounded to the lowest half credit, and credits are earned only for those portions of the program actually attended.
