

AELE LAW ENFORCEMENT LEGAL CENTER

**Legal, Psychological and Biomechanical
Aspects of Officer-Involved**

Lethal and Less Lethal Force

A THREE DAY PROGRAM FOR...

- **Police and Sheriff Command Staff**
- **City and County Attorneys**
- **Police Legal Advisors**
- **Risk Managers**

The IPICD *Use of Force* Train-the-Trainer program immediately follows the AELE seminar on Lethal & Less Lethal Force on October 13-15, 2010 (same hotel and meeting area).
See www.aele.org/force.html

LAS VEGAS
October 11-13, 2010

For other information about this or the other AELE Workshops, including dates, descriptions, and locations, please visit our website at <http://www.aele.org>

PROGRAM CONTENT

This AELE program concentrates on the latest research, technology, training, procedures, legal and policy issues of lethal and less lethal force confrontations. The psychology of combat, the role of biomechanics, and action/reaction on officer perception will be de-mystified. The nationally known faculty will discuss the ever-present legal, political and practical concerns.

Legal Standards of Use of Force: The Basics

- Federal use of force standards
- Foreseeable consequences of excessive force
- The impact of consent decree litigation
- Legal aspects of medical care

Case Law Analysis: Lethal and Less Lethal Force

- Liability: Physical, Electronic, Restraint, and Chemical Applications
- Dissecting and applying Supreme court standards: "reasonable officer" vs. "reasonable man," "deliberate indifference" and "deadly force" decisions

Psychological Aspects of Use of Force Incidents

- Psychology of combat and the dynamics of violent encounters
- Research from hundreds of officer-involved shootings
- Perceptual and memory distortions during critical incidents
- Psychological aspects of conducting investigations after lethal encounters
- Resolving contradictions in officer and witness statements
- FBI wound ballistic studies
- The role of psychology of fear on deadly force decisions

Biomechanical Implications and Explanations of the Confrontations

- Dynamics of body movement, perception and vehicle movement changing shot placement during deadly vehicle encounters
- Research explaining shots in the back during a frontal attack
- The dynamics of unintended discharges during critical incident confrontations
- Cutting-edge studies

TASER® Policy, Procedures, Research

- Policy recommendations
- The deployment decision
- Placement on use of force continuum
- Carrying, drawing, warnings
- Youthful confrontations
- Medical implications and research
- Quality of the device vs. quality of the media exposure
- What are the realistic alternatives?

- TASER® training requirements and needs
- The TASER®: An independent review

Sudden and In-Custody Deaths

- Physiological, psychological and tactical issues
- Defining root causes, profiles, and at-risk behaviors
- Individual behaviors vs. officer intervention tactics
- Revelations of medical research
- Defenses to the legal onslaught
- Proactive response recommendations for reporting and investigating
- Retooling policy, procedure and training
- Taming the media frenzy
- The civil complaint: a one-sided presentation

Behaviors Implicating Less Lethal Force Options

- Mentally ill and emotionally disturbed persons
- Suicidal persons and "suicide by cop"
- Alcohol and drug influenced
- Case studies dissected

Use of Force Continuum

- Emerging models and designs
- Training guide vs. policy initiative
- Use and conflicts during courtroom testimony
- Device, tool, tactics, recommendations for placement on the continuum

Deadly and Less Lethal Devices, Techniques, and Strategies: Policy, Procedure, Training, Successes, and Abuses

- Neck restraints
- Nets
- Electronic restraints
- Delivery systems: lethal, less lethal, non-lethal
- Chemical restraints
- Lawsuit avoidance or lawsuit generator?
- Technology, training, applications, field effectiveness

Use of Force Investigations

- Types of investigations
- What to investigate
- Officer rights and recommended procedures
- The review process
- Psychological factors
- Investigation strategies and procedures

REMARKS

- ★ All training will be held at the hotel facility. Registration is from 8:15 to 9:00 a.m. on Monday. Class hours are 9:00 a.m. to 4:45 p.m. on Monday, 8:00 a.m. to 4:45 p.m. on Tuesday, and 8:00 to 11:30 a.m. on Wednesday.
- ★ Registration includes luncheons on Monday and Tuesday.
- ★ Training or prior familiarity with legal procedures is not necessary. Instructional techniques are employed that will benefit both lawyers and lay personnel. Ample time will be allowed for questions. Participation by attendants is encouraged.
- ★ Workshop attendance will be limited; seating will be arranged behind narrow tables to facilitate discussion. If a larger number of persons register than can be accommodated, those in geographical proximity will receive preference.

WORKSHOP MATERIALS

Each attendant will be provided:

- ★ Workbook containing copyrighted lecture outlines and case citations
- ★ CD-ROM containing extensive source material, relevant cases, and in-depth articles
- ★ Certificate of Attendance
- ★ Directions for accessing legal research through the AELE comprehensive web page for case review/research, experts, and legal, procedural, and tactical web site links

MANDATORY CONTINUING LEGAL EDUCATION

- ★ AELE has received approval for this course in Nevada and AELE has been approved as a CLE provider in California. Other states with MCLE and In-Service requirements have accredited our seminars in prior years. For additional information, see www.aele.org/cle.html

FACULTY

Alexis Artwohl, Ph.D.	Principal, Survival Triangle Training; former Psychologist, Portland, OR, Police Bureau; co-author of the book, <i>Deadly Force Encounters</i> and author of widely acclaimed articles such as <i>No Recall of Weapon Discharge</i> and <i>Perceptual and Memory Distortions in Officer-Involved Shootings</i> .
Eric P. Daigle, J.D.	An attorney and former State Trooper, he defends municipalities and public officials. He also conducts training on use of force standards, including electronic control weapons and responses to deadly force incidents.
W. Ken Katsaris, M.S. (Tactics Advisor)	Former county Sheriff of Florida's Capital; veteran officer of city, county, and state law enforcement; retained in all fifty states as expert and/or litigation consultant; current regional academy instructor; former Florida Highway Patrol, IACP, and Calibre Press instructor.
Joshua T. Lego, M.A.	Of the St. Paul, MN, Police Dept.; adjunct faculty member of the Force Science Institute of the University of Minnesota (Makato), which pioneered and is at the forefront of biometric studies of police officer reactions during critical incidents. The Institute conducts research on the behavioral aspects of lethal force encounters, which has been recognized in litigation in North America and Europe.
Greg Meyer, M.S.	Retired Captain with the Los Angeles Police Academy. Member of the National Advisory Board of the Force Science Research Center. He specializes in risk-management issues including policy, training, equipment, tactics, and supervision, with a focus on injury reduction during lethal and nonlethal encounters.
John G. Peters, Jr., Ph.D.	President and Chief Learning Officer of the Institute for the Prevention of In-Custody Deaths. Dr. Peters, a former police officer, deputy sheriff, and police administrator, has many years of criminal justice training experience, and is frequently called upon to be an expert witness. He has authored several books and more than a hundred articles and informational videos.
Capt. Kris E. Pitcher	Commands the LAPD's Force Investigation Division, which was created in 2001 to comply with a consent decree with the Justice Dept. His division's work was featured at the 2007 IACP annual conference.
Emory A. Plitt, Jr., J.D. (Course Director)	Judge, Harford County Circuit Court, Maryland; former General Counsel, Maryland Department of Public Safety & Correctional Services and former County Attorney. Past Chair, IACP Legal Officers Section. Lecturer for FBI, IACP and AELE. More than 35 years experience in civil liability, discipline, and personnel litigation in public safety agencies.

*(Because of trial schedule changes or other unplanned events,
we may have to engage substitute speakers with similar knowledge and experience.)*

Lethal and Less Lethal Force Workshop Registration Information

Telephone (800) 763-2802
or (847) 685-0700

Fax (24 Hours) (800) 763-3221
or (847) 685-9700

HOTEL

Upon registering with AELE you will receive an attendant's memo outlining the workshop activities. Hotel reservations are the individual registrant's responsibility and should be made as soon as possible.

The Orleans Hotel & Casino is located at 4500 W. Tropicana Avenue, Las Vegas, Nevada 89103, (800) 675-3267. A limited number of rooms have been reserved if booked before September 9, 2010 at a maximum rate of \$55 per night, single or double occupancy, Sunday through Thursday. The group code "0ALLC10" must be used to obtain this rate. Reservations can also be booked through the Hotel's website at www.orleanscasino.com/groups using the group code. Due to promotional pricing offers, rates could be lower if booked by phone or on an internet site without the group code.

AELE WORKSHOPS
P.O. Box 75401
Chicago, IL 60675-5401

This form can be completed online. Put your mouse pointer on a blank line and then type your information. Then print the form and fax it to 1-800-763-3221 or mail to AELE.
